## Professional Summary

Computer Engineering student (2023–2027) and Full-Stack Developer skilled in **MERN Stack**, **Java**, and **Spring Boot** microservices. Built and deployed **5+ production-grade applications** using REST APIs, WebRTC, Kafka, and cloud platforms. Strong foundation in DSA, OOP, and DBMS. Seeking a Software Engineering internship to contribute and grow.

## Technical Skills

**Languages:** Java(Core + Advanced), JavaScript (ES6+), TypeScript, C++, C, PHP(Basic)  
**Frontend:** React.js, Next.js, Tailwind CSS, HTML5, CSS3  
**Backend:** Node.js, Express.js, Spring Boot, Microservices, Kafka, Eureka, Keycloak, OAuth 2.0, REST APIs  
**Databases:** MongoDB, PostgreSQL, MySQL (JDBC)  
**Core CS:** Data Structures & Algorithms, OOP, MVC Architecture, DBMS  
**Tools & Platforms:** Git, GitHub, Docker, Postman, Vercel, Render, Netlify, VS Code, IntelliJ IDEA

## Education

**B.Tech – Computer Engineering** | *R.C. Patel Institute of Technology, Shirpur* 2023 – 2027  
CGPA: 8.5 / 10 (85%)  
**Higher Secondary Education (HSC) – Science (12th)** | *Maharashtra State Board* 2023 | **89%**  
**Secondary School Education (SSC) – 10th Standard** | *Maharashtra State Board* 2021 | **99%**

## Experience

**Software Engineering Intern** (*Offer Letter Awaited*) | *eInfoChips, An Arrow Electronics Company* 2026 (Upcoming)  
▷ Selected for a software/embedded engineering internship at eInfoChips, known for product engineering and semiconductor solutions; offer verbally confirmed, formal letter being processed.

**Full-Stack Developer** | *Akatsuki Coding Club, RCPIT* Oct 2024 – Present  
▷ Engineered **Akatsuki Project Hub**, a centralized platform for 20+ projects, featuring a secure **RBAC (Role-Based Access Control)** admin dashboard.  
▷ Automated project approval workflows using **Node.js**, reducing manual administrative effort by 30% and improving tracking efficiency.

**Freelance Frontend Developer** | *Accredian* April 2026  
▷ Delivered a responsive **freelancing platform clone** using **Next.js**, implementing dynamic routing and reusable components, resulting in a **30% faster page load time**.  
▷ Developed a scalable frontend architecture with **React**, designing **10+ reusable components** and supporting **5+ application pages** while improving code maintainability and consistency.

## Projects

**AI-Powered Fitness App** – Springboot Microservices-Based [🐙 GitHub](#)  
[Spring Boot · User-Service · Activity-Service · AI-Service · Kafka · Eureka · Docker · MongoDB · PostgreSQL · React · Tailwind · Keycloak · OAuth 2.0]  
▷ Designed a microservices ecosystem consisting of **3 core services** (User, Activity, and AI), enabling independent deployments, high availability, and scalable processing.  
▷ Implemented Polyglot Persistence using PostgreSQL and MongoDB, secured services with Keycloak + OAuth 2.0, and integrated Kafka-based event-driven communication.

**SyncTalk** – Real-Time Video Conferencing App [🌐 Live Demo](#)  
[React · Node.js · WebRTC · Socket.IO · Render]  
▷ Developed a WebRTC-based video conferencing platform with Socket.IO signaling, achieving sub-250ms latency for 15+ concurrent users.  
▷ Integrated dynamic room management, in-call messaging, and participant controls, while deploying the application on Render with production-grade monitoring and uptime tracking.

**Zerodha Trading Dashboard Clone** [🌐 Live Demo](#)  
[React · Node.js · Express.js · MongoDB · Tailwind CSS · JWT]  
▷ Deployed a responsive trading dashboard featuring real-time stock visualization and optimized React performance, reducing page load time by 30%.  
▷ Automated JWT-secured REST APIs for managing 50+ stock holdings and implemented a modular architecture for future scalability.

## Certifications & Extracurricular

- ▷ **German Language (A1)** – International Certification, Goethe-Institut Pune | Proficient in basic professional communication.
- ▷ **SunHacks Hackathon** – Competed in 24-hour hackathon at Sandip University; built and pitched a working prototype within the deadline.
- ▷ **National Service Scheme (NSS)** – Completed a **5-day NSS residential camp** and actively participated in community service, social development, and leadership initiatives.
